Same approach as all the NSR permits we have seen comments on. This is carrying it over into title V. Matt Burgett called to ask about using a Hunter approach to answering this.

To: APCD Comments - CDPHE <cdphe.commentsapcd@state.co.us>

Attached, please find comments on the Air Pollution Control Division's proposed Clean Air Act Title V Operating Permit for Sand Ridge Exploration and Production, LLC's Bighorn Pad in Jackson County, Colorado. We object to the Division's proposal to approve the proposed Title V Permit based on ongoing violations of major source permitting requirements under the Colorado State Implementation Plan. Thank you.

Sincerely,

Jeremy Nichols
